Type	black
Weight	22.8 kg

Large folding event table for the professional DJ and many other uses. The 46.063 long and 23.622" wide tabletop offers plenty of space for all kinds of equipment and accessories. With a thickness of 0.984", the MDF top can bear a load of up to 66.079 lbs. The perfect working height is adjusted in 0.59" steps between 24.606 and 41.142". For transport or space-saving storage, the two feet are folded in without further ado. The sturdy tubular steel construction and the large round levelling rubber end caps give the practical table a very high level of stability and a secure stand.
