26722

Monitor stand

Product variant

26722-000-55 - black

Technical Data

*	With centric loading, on a horizontal surface and without lateral forces (wind, shocks etc.)
Base diameter	28.35"
Bearing plate	11.02 x 12.60"
EAN	4016842119257
Height	from 26.65 to 44.57"
Height adjustment	locking screw and safety hook
Leg construction	firmly screwed-in base tubes
Material	steel
Max. load capacity*	77.162 lbs
Number of legs	3
Quality level	
Rod combination	2-piece folding design
Special features	internal cable routing possible; support plate with rubber bumps; for stationary use
Type	black
Weight	5.4 kg

Functional floor stand for near-field monitors and speakers. The solid and well-designed steel construction impresses with its enormous stability and holds your speakers securely in the desired position. The flat tripod construction with large rubber pads ensures acoustic decoupling and a wobble-free stand. The support plate with self-adhesive rubber bumps measures 11.023 x 12.598". For the optimal listening height, you can choose six levels between 26.653 and 44.566". The slim clamp with safety hook is easy and comfortable to use. Alternatively, the cables can be routed inside the tube (without connector). A load capacity of 77.161 lbs is possible when the load is centred.
