Base dimensions	15.98 x 15.98"
EAN	4016842122745
Height	from 43.70 to 71.26"
Height adjustment	locking screw and safety hook
Leg construction	flat steel plate
Material	steel
Max. load capacity*	39.683 lbs
Quality level	
Rod combination	2-piece folding design
Special features	includes two height-adjustable feet for exceptional stability on uneven surfaces; mounting aid included; integrated shock absorber; gradual height adjustment system; depending on the requirements, there are three ways to position the distance rod
Tube end(s)	diameter 1.378"
Type	black
Weight	10.1 kg

Attractive speaker stand with flat steel plate (15.984 x 15.984"), useful carrying handle, cable management and four sturdy feet. Two of the feet are also height-adjustable, allowing continuous compensation for uneven floor surfaces of up to 0.118". This ensures exceptional stability and a perfectly wobble-free setup at all times. The stand is ideal for use where space is at a premium. Depending on requirements, there are three ways to position the stand column. In addition to the centric and off-center position, the rod combination can also be mounted in the corner. The height is fixed with a safety hook and secured with a low-noise, backlash-free clamping screw. The slim design of the clamp enables space-saving transportation and ensures a stylish appearance. The usable height is between 43.7 and 71.259" and is adjusted in 4 steps of 6.889". The maximum load capacity when fully extended is 39.683 lbs.
