12266

Music stand light »Orchestra Light Rechargeable«

Product variant

12266-000-55 - black

Technical Data

Visibility	
Power supply	rechargeble battery
Lamp shade length	11.81"
Material	plastic
Lighting appliance	12 LEDs
Type	black
Price display	
Light positioning by	gooseneck
Special features	2 levels of brightness and 3 color temperatures can be switche; USB charging cable included
Intensity	~1,400 lux
Clamping range	up to 0.787"

Equipped with 12 energy-saving and long-lasting LEDs, the music stand light with the flexible gooseneck holder guarantees optimum lighting conditions at all times. The integrated rechargeable battery allows complete freedom of movement - without any annoying cables. It is fully charged in four hours and lasts for 9 to 20 hours of use, depending on the setting. Three adjustable color temperatures (warm white, neutral white, cool white) ensure the perfect lighting conditions in any situation. The brightness can be dimmed from approx. 130 lumens to approx. 66 lumens using a push-button. A useful clip enables convenient mounting on plates and desks up to 0.787" thickness. Includes 59.055" charging cable with USB-A and USB-C plug.
