Instrument support	non-marring material
Material	wood
Musikinstrument	electric guitar
Musikinstrument	acoustic guitar
Suitable for	acoustic and electric guitars
Type	cork
Weight	0.13 kg
Yoke	fixed

Attractive and functional, the guitar wall mount with wood elements not only looks good, but is also a reliable and practical way to display your guitar, or store it until your next gig. The holding fork with its stable metal core is seated centrally and provides an elegant counterpoint to the headstock. The appealing cork fork covering protects the guitar from knocks, and will retain its form even after years of use due to wear-resistant properties. An integrated metal batten in the wall plate ensures the hanger is optimally secure and has a reliable grip.
