Support depth	13.58"
Support width	from 7.09 to 31.10"
Type	pure white
Weight	9.2 kg

Its compact steel tubing construction and large round levelling end caps make this attractive keyboard stand significantly more stable. Two-sided spring-loaded locking screws make precision height adjustment easy. The support arms can be adjusted to suit the size of the keyboard. When folded, the table is impressively flat. The design of this table matches the piano benches 14080, 14081, 14085, 14086 and 14087. An optional extra are the stackers 18811 for a second level and 18822 for a third level, allowing the use of a second or third keyboard/laptop. Use the adapter 18814 to mount the universal holder 18817 easily and quickly.
