28075

Mixer stand

Product variant

28075-022-55 - black

Technical Data

Adjustment	continuous
Angle of inclination	0° to 83°
Base diameter	25.59"
EAN	4016842118564
Height	from 27.56 to 41.34"
Height adjustment	spring-loaded clamping knob
Leg construction	collapsible square tube legs
Material	steel
Max. load capacity	77.162 lbs
Special features	additional levelling screw for uneven surfaces
Suitable for	amplifiers and mixers
Support	felt pads
Support depth	12.20"
Support width	from 17.83 to 25.91"
Type	black
Weight	6.88 kg

Extremely stable and robust special stand designed for mixing desks, amplifiers and several other applications. The height of the tubular steel construction can be adjusted from 27.559 to 41.338". For a wobble-free stand, the foldable four-legged construction is equipped with a floor levelling screw. The instrument holder with clamp offers space for instruments with a width of 17.834 to 25.905" and a continuous variable tilt up to 83° for an optimal operating position. The support depth is 12.205". Wide felt strips protect the instrument from damage. For transport, the stand can be folded up simply and easily.
