Boom arm length	31.69"
Price display	
Threaded connector	5/8"
Size when folded	3.74 x 3.15 x 34.06"
Material	steel
Quality level	

Entry-level, low-priced microphone stand. The practical swivel joint allows the one-piece boom arm to be simultaneously positioned for tilt and length. Thanks to a low weight of only 4.053 lbs, it is particularly suitable for the mobile musician. The stand requires little space as its base diameter is only 25.984". The large foot end caps help to make the stand stable and reduce unpleasant transmission noise.
