26750

Speaker stand

Product variant

26750-022-55 - black

Technical Data

*	With centric loading, on a horizontal surface and without lateral forces (wind, shocks etc.)
Base diameter	17.72"
EAN	4016842118410
Height	from 36.61 to 56.30"
Height adjustment	locking screw and safety hook
Leg construction	round cast-iron base
Material	steel
Max. load capacity*	77.162 lbs
Quality level	
Rod combination	2-piece folding design
Special features	mounting aid included; speaker will be fixed with flange adapter
Tube end(s)	diameter 1.378"
Type	black
Weight	8.9 kg

Space-saving speaker stand with a large, flat cast-iron base (ø 17.716"). The solid steel construction impresses with its stability and supports speakers weighing up to 77.093 lbs when the load is centred. For optimal sound reinforcement height, 3.937" steps can be set between 36.614 and 56.299". The slim clamp with safety hook is easy and comfortable to use. The end tube has a diameter of 1.378" and is therefore suitable for all corresponding flange bushings. The range of applications can be extended with a variety of accessories such as a projector tray (26747), mounting adapter (19580), etc.
