12227

Tray

Product variant

12227-000-55 - black

Technical Data

Dimensions	9.84 x 12.99"
EAN	4016842114344
Material	steel
Screw-on to	tube diameter 1.653"
Special features	can/cup holder is included; with slot for convenient cable routing; a foam insert is included
Type	black
Weight	1.92 kg

Practical tray that can be attached to all stands with a tube diameter of 0.984 to 1.653". The usable tray area is 9.842 x 12.992" and is ideal for smaller electronic devices such as mixers, controllers or tablets. An additional recess in the plate ensures convenient cable routing. Another useful feature is the can/cup holder. The robust steel construction is ideal for percussion and other music accessories. A foam insert dampens vibrations and prevents unpleasant background noises. The distance to the stand as well as the alignment of the plate can also be individually adjusted.
