Product variant

17725-000-55 - black

Technical Data

Base diameter	13.86"
EAN	4016842827473
Height	1.97"
Material	steel
Special features	with threaded bolt M10
Type	black
Weight	0.6 kg

The robust cross base guarantees sturdiness for floor spotlights. The stand is collapsible and is ready for transport in a snap. Additional tools are not required. The end caps are made of rubber and protect the floor from scratches. Mounting the spotlight with the bracket is fast and easy by attaching the handy star knob nut to the M10 threaded bolt.
