Showtime! The clever way to display your iPad. The new connector holds an iPad (2nd, 3rd or 4th generation) securely and comfortably. Whether on stage, in the rehearsal room or at home ? the strong prismatic connector with its ergonomic clamping screw allows the iPad holder to be attached quickly and easily to any tubes up to 1.181" diameter. The iPad is snapped in or out of into holder effortlessly. The pivoting range is second to none, allowing the user the iPad position of their choice. The swivel movement can be adjusted from free to resistant. Naturally, the iPad can be rapidly switched between a vertical and horizontal format. The adjustment is easy and slip prevented.
