Just say no to cable spaghetti and ugly cable tape! Designed for speaker stands & lighting stands, this smart cable clamp simply wipes the floor. It can secure a total of 12 cables width 0.157 ? 0.354". The cables are laid in a slot and secured in place with velcro tape. The light and practical cable clamp can be used on tube diameters from 1.378 ? 1.653". The heavy-duty plastic and robust velcro tape ensures a long lifetime, tidiness and safety ? whether used at a public event or at home. Each pack contains two clamps.
