

21436

Speaker stand

Product variant

US-21436-177-55 - black

Data

Base diameter	45.276 "
Height	from 56.693 to 87.795"
Height adjustment	locking screw with push-button system
Leg construction	tube legs with cross braces
Material	aluminum
Max. load capacity*	88.106 lbs
Number of legs	3
Product Category	Topline
Rod combination	2-piece folding design
Size when folded	45.276"
Special features	lightweight stand patented gradual height adjustment system integrated shock absorber steel extension tube mounting aid 21434 included adaptor sleeve 21326 included
Tube end(s)	diameter 1.378/1.496"
Type	black
Weight	7.709 lbs

The standard speaker stand constructed from aluminum has been significantly improved. The new legs with a tubing diameter of 1.378" and the large, fixed foot end caps guarantee stability and safety. Lasered bore holes and durable, robust plastic saddle washers improve the coefficient of friction between the legs and braces, and prevent scratching of the finish. A compact clamp with a patented push-button system affords user-friendly stand height adjustment. The locking screw provides additional stability and vibration-free speaker mount. Additional features include a pull-out guard for the extension tube and an integral anti-shock component.
