<b>Tube end(s)</b>	diameter 1.377", integrated threaded bush M10 for cross-bars
<b>Type</b>	pure white
<b>Weight</b>	38.58 lbs

Attractive stand for lights and smaller speaker cabinets. Thanks to the heavy, flat steel plate, the stand is best suited for use where space is limited. The height is fixed with a safety hook and secured by a clamping screw for a vibration-free and firm fit. The slim design of the clamp allows space-saving transport and ensures a stylish appearance. The usable height is between 55.118 and 94.488" and is adjusted in 5 steps of 7.874". The integrated M10 threaded bushing allows the attachment of a truss or the direct mounting of lights. The maximum load capacity at full extension is 66.138 lbs.
