

26250

## One-hand microphone stand »Performance«

### Product variant

US-26250-500-55 - black

### Data

Base diameter	10.827 "
EAN	4016842826353
Height	from 41.535 to 68.898"
Height adjustment	one-hand clutch
Leg construction	round base
Material	rod combination made from aluminum, handle bar plastic
Product Category	Starline
Rod combination	2-piece folding design
Special features	round-shaped rods; soundless and easy height adjustment; significantly lightweight, but nonetheless stable due to the ingenious round base with an integrated steel plate with an attractive plastic cover; circumferential rubber profile reduces undesirable vibration and footfall noise
Threaded connector	5/8"
Type	black
Weight	6.52 lbs

The practical one-hand microphone stand »Performance« impresses through its reliability and functionality. The stable combination of high quality round-shaped rods and the elegant one-hand adjustment present a harmonious overall appearance. Also in connection with the classic König & Meyer expandable boom, the stand's elegant design is not diminished in any way. With the practical one-hand system the height of the stand can be adjusted smoothly and silently (no scratching noises). The ingenious steel base with its elegant plastic cover provides more stability even though the base is much lighter. A circular rubber insert ring on the base also reduces unwanted vibrations and foot traffic noise, even when the stand is placed in extreme positions. In addition, the floor (e.g. wood floor) is protected from possible damage.
