Special features	drip cup can be removed for cleaning; two different drilling patterns, so Euro dispensers for 350/500 ml and 1,000 ml containers can be attached
Type	black
Weight	9.251 lbs

Round base with diameter of 10.827" and circumferential rubber ring for floor protection. Powder-coated tubular steel. The plastic drip cup is located at a height of 32.283" and can be removed for cleaning. The stable dispenser holder made of powder-coated metal is hygienically easy to clean and is equipped with two different drilling patterns. Euro dispensers for 350/500 ml and 1,000 ml containers can thus be attached. Please note that the stand is not a medically certified product. Euro dispenser and disinfectant not included in the delivery.
