Seat	velvet covering, 16.929 x 15.354"
Type	black velvet
Weight	16.079 lbs

The solid drummer's throne offers the quality, comfort, and stability professional drummers demand. The ergonomically shaped and elaborately upholstered seat with sweat-reducing velvet cover balances superior posterior support and freedom of motion. The comfortable height adjustment results from an integrated pneumatic spring, which is released by a lever underneath the seat. The continuous height adjustment ranges from 19.488 to 26.772". The three double-braced legs and large rubber feet guarantee a stable stand. The matching carrying case 14003 is optionally available.
