EAN	4016842119295
Clamping range	up to 3.346"
Angle of inclination	-90° to 85°

The comfortable solution for your workplace or home studio. With this table mount you can position a tablet with a size of 10" to approx. 16" in a space-saving and ergonomic way. The robust aluminum construction with the integrated pneumatic spring can bear a load of up to 17.636 lbs. The tablet mount is made of bio-based plastic. These plastics contain a proportion of over 50% up to 100% of renewable plant-based raw materials. The use of renewable raw materials helps to conserve limited petroleum resources and reduce harmful CO2 emissions. More info on bio-based plastics at: bioplastic.k-m.de. The clamping range of the tablet stand holder is between 6.22 and 11.023". The holder is also particularly suited for tablets with a protective cover or case up to 0.787" thickness. The overlapping clamping jaws with integrated rubber pads provide for a secure hold and eliminate unwanted vibration noises. The function of the operating elements on the device is not impaired. An adjustable mounting bracket with felt padding provides additional safety when the tablet holder is positioned vertically and prevents the tablet PC from falling out even under heavy use. The holder can be swiveled and tilted, allowing each user to position it individually. The swivel movement can be adjusted from easy to tough via a clamping screw. The tablet holder can be rotated between portrait and landscape format without further
