| Type                | black                     |

The flexible crossbar made of powder-coated steel has four holes for mounting spotlights and can be mounted either centrally above the 1.38" extension tube or on the side. While the central version can hold up to 55.12 lbs, the side mounting is limited to a load of 22.05 lbs. Two screw sets are included for secure and quick spotlight mounting.
