Weight	31.746 lbs

Attractive stand for lights and speaker cabinets. Thanks to the heavy, flat steel plate, the stand is suitable for use where space is at a premium. A carrying handle, a cable management and four sturdy feet are further useful features. The height is fixed with a safety hook and secured with a low-noise, backlash-free clamping screw. The slim design of the clamp enables space-saving transportation and ensures a stylish appearance. The usable height is between 55.118 and 94.488" and can be reached in 5 steps of 7.874". The integrated M10 threaded bush enables the attachment of a crossbar or the direct attachment of lights. The maximum load capacity when fully extended is 44.092 lbs.
