Height adjustment	locking screw and safety hook
Leg construction	flat steel plate
Material	steel
Max. load capacity	55.116 lbs
Quality level	Topline
Special features	4 rubber pads each for base and bearing plate provide for stability and noise filtration
Type	black

Height-adjustable desktop stand for near-field monitors. The solid metal construction with the large support plate (8.071 x 9.646") is suitable for a wide range of monitors and other equipment in the same size range. Four felt-covered support pads provide decoupling under the base plate. The individual height can be adjusted in 6 steps between 13.78 and 19.685". In terms of load capacity, the stand can be centrally loaded up to 55.066 lbs. Rubber pads are included for secure, noise-insulating support of the monitors.
