Special features	length and width adjustable; folding base for easy transportation; additional levelling screw for uneven surfaces
Support depth	from 17.913 to 26.181"
Type	black
Weight	15.903 lbs

Extremely stable and robust dulcimer stand. The height of the tubular steel construction can be adjusted from 27.559 to 41.338". For a wobble-free stand, the foldable four-legged construction is equipped with a floor levelling screw. The instrument holder with clamp offers space for instruments with a depth of 17.913 to 26.181" and a continuous variable tilt up to 45° for an optimal playing position. Wide felt strips protect the instrument from damage. For transport, the stand can be folded simply and easily. The sheet music holder 11515 is optionally available.
